

HOYT ASSURANCE PROGRAM

Our solution bridges the uncertainty gap allowing property management companies to:

IDENTIFY
critical risks

DEVELOP PLANS
to anticipate & recover

IMPLEMENT
control strategies

What is the Innovative Assurance Program (XAP)?

XAP is an innovative, proactive program that helps property management companies prevent or minimize risk through continuity and proper oversight. XAP offers management companies a greater level of overview and control for their roofing and other exterior surfaces via:

- Baseline inspections
- Automated drone inspections
 - Annual
 - Emergency
- 24/7 storm monitoring
- Secure cloud reporting
- Precision estimating
- Insurance claim assistance
- Service calls
- Top level warranties

Standard Solution:

Boots on roof inspections
 Poor insurance claim monitoring
 Weak monitoring
 Poor reporting
 Lack of CONTINUITY
 Random manufacturers
 Lack of efficiency

XAP Solution:

Detailed drone inspections
 Insurance claim specialists
 Advanced monitoring
 Concise unbiased reporting
 TOTAL CONTINUITY
 Top manufacturers
 Unmatched speed and efficiency

We will fly one of your units to show you what our reports looks like and go into more details about the XAP solution. Make a request at [651-212-4965](tel:651-212-4965) or hoystexteriors.com

HOYT EXTERIORS

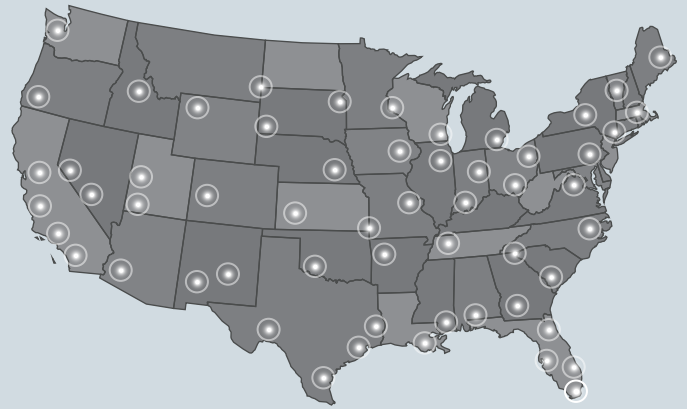

KESPRY DRONE TECHNOLOGY

All XAP providers use Kespry's autonomous drones because they are unparalleled:

- Unmatched reports
- Precise measurements
- Closer proximity flights
- Top hail detection
- Amazing ease of use
- Superior lenses

Strategic partnerships for national reach.

XAP providers are in most major hubs in the continental United States. XAP360, the company that manages all XAP providers, is able to quickly mobilize a vendor where needed.

You can fully trust the restoration companies offering XAP!

XAP360 Network Partner requirements are stringent because property management companies have criteria for any provider they contract with. XAP360 thoroughly trains all XAP provider staffs to create further consistency with providers in other regions. Below is the focal criteria that the company you're talking to has at the ready to show you:

- Contractor is in the top 1% of the industry
- Minimum of 5 years in business
- Background check
- Financial records
- Proof of roofing license if required
- Required workers compensation insurance
- Required liability insurance
- 3 credible B2B references
- Minimum A rating with BBB
- Top reviews across BBB, Google, Angie's List, etc.
- Provide a list of the last 12 projects
- Disclose any pending litigation or claims.

THE 360 VISION

XAP is a SINGULAR UNIFORM PROGRAM that gives national accounts continuity across their ENTIRE PORTFOLIO. If there is ever a shortcoming or need for additional offerings from the XAP solution, a global update can be made. XAP can quickly and effectively affect change and move forward with innovations at an unprecedented level. **CONTINUITY is KEY!**
